

INTERIOR DESIGN SOURCE & CONFERENCE CENTER

GUS' CAREER SUMMERY

Hailing from Scottsdale Arizona, I was recruited by Mona Lea's IDS in October of 2007.

After receiving extensive training, both indoor and out, I began my career as Chief of Security in November of 2007.

My duties include keeping a constant eye on the interior and exterior of the building and checking under furniture and fixtures, along with carpet and fabric racks for any anomaly's or other suspicious occurrences.

I also enjoy spending time with our clients and hope to make them feel at home while they are in our showroom.

Although it may look like I am sleeping on the job, be assured that I have an acute sense of smell, can hear the slightest noise and I will not hesitate to start an immediate investigation and file my reports accordingly.
